

Reading Log Explanation

How it Works

- Read five nights per week – you choose the nights and how long you read, but it must equal your reading minutes by the time its due.
- Tally how many minutes you read each night!
- Have your parent sign it ONCE each week.

Grades- worth 25 points each week

For each night you read, you receive:

1 Night + some minutes	=	5 points
2 Nights + some minutes	=	10 points
3 Nights + some minutes	=	15 points
4 Nights + some minutes	=	20 points
5 Nights + all minutes	=	25 points

You may, of course, read above the required amount!

You may not read fewer than five nights to receive full credit even if you read all of your minutes earlier in the week. The goal is to have you reading five times each week.

Other Deductions

You lose 5 points if any of the part of your log is incomplete.

Reading Logs will not be graded without a parent signature!
